GUMSTICK STAND

GUMSTICK STAND

PRODUCT FEATURES

- Bends and Moulds to fit all Smartphones
- Portable, lightweight & Strong
- Clean & Slim Design
- Designed and Manufactured in the UK
- Compatible with all Smartphones
- Advanced Soft Touch Rubber Material

PRODUCT DIMENSIONS

- Height: 120mm x Width: 28mm
Thickness: 6mm
Weight: 27g

The GumStick Stand by Breffo is possibly the most innovative smartphone stand on the market yet. Tactile and Impossibly easy to use, the stand allows for a secure hold on virtually every Smartphone on the market today.

Its advanced soft touch outer body, will protect your device from scuffs and scratches, while also allowing for a secure grip and hold due to the rubberised material.

The stand moulds into countless positions to hold devices in Landscape or Portrait mode, on flat or rough surfaces, perfect for watching movies or simply as Smartphone stand while charging your device.

The stand is the perfect travel companion, it can fold flat to fit into your bag or pocket and is great for use in the work place as a simple desk stand, Facetime at home or watching movies on your commute.

EARPHONE TIDY

Breffo Earphone Tidy allows easy storage of unsightly or lengthy earphone cables. Simply wrap earphone cable around the body of the tidy and secure in place either end via the non slip hole grip.

Modelled on the iconic Spiderpodium body the Breffo Earphone tidy is made entirely of our advanced soft touch rubber, which allows for secure tactile grip and feel.

The Breffo Earphone Tidy is perfect for keeping lengthy and unyielding cables short and controlled while enjoying any activity be it cycling, jogging walking or any other sports activities. The earphone tidy is also ideal for travel and commuting and managing cables in your bag or pocket. Keep it wrapped and avoid any more tangles! Never get those cables tangled in your bag or bike handlebars again!

PRODUCT FEATURES

- Earphone Cable Tidy
- Prevents Cable Tangles & Knots
- Advanced 'Soft Touch' Rubber Material
- Low Profile 'Easy Wrap' Design
- Compatible with most all Earphones
- Easily Adjust earphone cable to any length
- Water & Dirt Resistant

ABOUT BREFFO

Breffo create design led, innovative products for modern adventures. British designed and made, we craft products that enhance everyday activities. Breffo is passionate about making exceptional products. Created entirely in Britain, all of our products are manufactured to the very highest standards and are designed to be used in everyday situations. Superior form and function feature highly in our products. Uniqueness and authenticity is evident in our designs. All breffo products are suitable for use anywhere adventure takes you.

BREFFO HISTORY:

Established in the United Kingdom in 2009, Breffo launched its first product; the Spiderpodium, to huge acclaim. After identifying the market need for a cross functional and universal holder for the growing smartphone and hand-held gadget industry, we went straight to work designing an accessory to accommodate multiple devices and thus, the Spiderpodium was born. Following the success of the Spiderpodium, the 'big brother' Spiderpodium Tablet version quickly followed.

Breffo continued its rapid growth globally and opened in the USA as Breffo LLC in early 2010.

All Breffo Product is manufactured exclusively in the United Kingdom and shipped Worldwide.

The Breffo range of products are now actively selling in over 55 countries worldwide with its British based creative design team at the heart of all new product development. British Design. Modern Adventure.
